

Meeting Of The Construction Company Club

This photograph was taken in the construction company club in Mukachevo, most likely during some meeting. The picture was probably taken in the 1960's, in Mukachevo. I don't know anymore who is in the photo, I'm on the podium and am talking into a microphone.

There was a construction company in Mukachevo - Remont, Rem Stroj Upravlenia. Its director was also a Jew, Klein. He didn't have a school diploma. He had a house built, not in an honest manner, because he worked in an industry where there were sufficient construction materials. Because he didn't build it in an above-board manner, they threw him out of the function and the party. Once again, they put me in his place. They always put me in the place of someone they had thrown out. I was director there for 25 years. From there I went into retirement.
