

Ana Dermer, A Lady-Friend Of Marim Haller

This is Anuta Dermer, a friend of mine from the school days, and even afterwards. She too was Jewish. We weren't classmates, she attended the theoretical high school, I studied commerce, but we were friends, we lived very close to each other for a while. She married and moved to Bucharest afterwards, and I have no news of her anymore, I lost contact with her. The date on the back of the photograph is 5th April 1933.
